

# APU 2021 CONGRESSO

ASSOCIAÇÃO PORTUGUESA DE UROLOGIA

PRE-CONGRESS COURSES

NOVEMBER 25, 2021 – THURSDAY

12:00-16:00h

## COURSE II

### THE URODYNAMICS OF VOIDING

Coordinators: Luís Abranches Monteiro, Ricardo Pereira e Silva and Miguel Silva Ramos

12:00-12:20h

#### Introduction

- Voiding cystometry as the essence of invasive urodynamics
- New clinical problems

12:20-12:40h

#### The voiding concept and physics

- The model
- Maths and fluid dynamics

12:40-13:00h

#### Pressure-flow curves – Good Urodynamic Practices and Terminologies

- Reliability of tracings
- Importance of standards

13:00-13:20h

#### Nomograms of obstruction

- Old and new
- Male and female

13:20-13:30h

#### Measuring detrusor power in male and females

- Watts factor
- Stop tests

13:30-13:50h

Break

13:50-14:10h

#### The underactive bladder

- Definitions
- Clinical importance

14:10-14:20h

#### The female voiding dysfunction

- Growing problem
- Clinical data

14:20-14:40h

#### Nomograms of male luts

- Importance of outcomes
- Predictors of surgery results

14:40-15:00h

#### Pressure-flow in neurogenic bladder and Vesico-ureteral Reflux

- Association to Video and EMG
- Dyssinergias
- Hydronephrosis

15:00-15:20h

#### Pitfalls and common mistakes

- Patient (im) preparation
- Wrong urodynamic questions and wrong answers
- Limitations

15:20-15:40h

#### The report

- Clinically adapted
- Examples

15:40-16:00h

#### Discussion and Q&A

#### ORGANIZATION

ASSOCIAÇÃO PORTUGUESA DE UROLOGIA

CHULC - Lisboa (Hospital de São José)

REGISTRATIONS AVAILABLE AT

>> WWW.ADMEDIC.PT <<

#### SCIENTIFIC SECRETARIAT

Associação  
Portuguesa  
de Urologia

#### CONGRESS SECRETARIAT
