

lisbon **stroke summit**

April 23rd - 24th 2027

Conference Centre Pestana Palace
Lisboa

PRELIMINARY PROGRAMME

07:30h Secretariat opening

08:30-09:45h **A MOST DIFFICULT CASE – "HOUSTON WE HAVE A PROBLEM"**

MeVO thrombectomy – After the neutral trials: What now?

Case presentation Stroke Unit

How would you do it?

Neurology/Internal Medicine

Interventional Neuroradiology

How we did it

Panel discussion

What do we know?

Q&A

09:45-10:15h **KEYNOTE LECTURE**

Robotic thrombectomy

10:15-10:45h **SYMPOSIUM**

10:45-11:15h Coffee break

11:15-11:45h **"GO AHEAD, MAKE MY DAY": OFFICIAL WELCOME**

11:45-13:00h **A MOST DIFFICULT CASE – "HOUSTON WE HAVE A PROBLEM"**

Intra-arterial thrombolysis after incomplete reperfusion

Case presentation Stroke Unit

How would you do it?

Neurology/Internal Medicine

Interventional Neuroradiology

How we did it

Panel discussion

What do we know?

Q&A

13:00-14:00h Lunch

14:00-15:15h	A MOST DIFFICULT CASE – “HOUSTON WE HAVE A PROBLEM” CREST-2 and the future of carotid revascularization – Stent, CEA, or medical therapy alone? Case presentation Stroke Unit How would you do it? Neurology/Internal Medicine Interventional Neuroradiology How we did it Panel discussion What do we know? Q&A
15:15-15:45h	KEYNOTE LECTURE
15:45-16:15h	SYMPOSIUM
16:15-16:45h	Coffee break
16:45-17:30h	KEYNOTE LECTURE “Science meets practice” – Going rogue on guidelines
17:30-18:00h	KEYNOTE LECTURE AI in stroke networks

08:00h Secretariat opening

08:30-09:45h **A MOST DIFFICULT CASE – “HOUSTON WE HAVE A PROBLEM”**
Thrombectomy for mild stroke – Should NIHSS stop guiding our decisions?
Case presentation Stroke Unit
How would you do it?
Neurology/Internal Medicine
Interventional Neuroradiology
How we did it
Panel discussion
What do we know?
Q&A

09:45-10:15h **KEYNOTE LECTURE**
Factor XIa inhibitors – A new era in secondary stroke prevention

10:15-10:45h **SYMPOSIUM**

10:45-11:15h Coffee break

11:15-12:30h **A MOST DIFFICULT CASE – “HOUSTON WE HAVE A PROBLEM”**
ICH evacuation – Who, when, and how?
Case presentation Stroke Unit
How would you do it?
Neurology/Internal Medicine
Interventional Neuroradiology
How we did it
Panel discussion
What do we know?
Q&A

12.30-13:30h Lunch

- 13:30-14:45h **A MOST DIFFICULT CASE – “HOUSTON WE HAVE A PROBLEM”**
ICAD – Time to intervene? Angioplasty, stenting or best medical therapy
Case presentation Stroke Unit
How would you do it?
Neurology/Internal Medicine
Interventional Neuroradiology
How we did it
Panel discussion
What do we know?
Q&A
- 14:45-15:15h **SYMPOSIUM**
- 15:15-16:30h **A MOST DIFFICULT CASE – “HOUSTON WE HAVE A PROBLEM”**
When things go wrong: Complications of acute stroke treatment
Case presentation Stroke Unit
How would you do it?
Neurology/Internal Medicine
Interventional Neuroradiology
How we did it
Panel discussion
What do we know?
Q&A
- 16:30-17:00h **“ELEMENTARY, MY DEAR WATSON”**
Top 5 Posters
- 17:00-17:15h **“SHOOT OUT THE LIGHTS”**
Closing remarks
