stroke summit

April 23rd - 24th 2027
Conference Centre
Pestana Palace Lisboa

POSTERS AND CLINICAL CASES ABSTRACT SUBMISSION RULES

- Abstracts for presentation can be submitted via the online Abstract Submission Services only at: www.admedic.pt (you'll need to create a user account)
- Abstracts sent by email will not be accepted.
- The submission deadline is Sunday, **March 21th, 2027** at 11:59 pm Western European Time (WET / GMT + 0)
- The registration fee will be waived to the presenters of the accepted abstracts.

GENERAL INFORMATION

STEP 1: Title

150 characters typed in lower-case letters, except for abbreviations. Make the title dynamic and conclusive, rather than descriptive.
Do not include authors, institutions, city names, trademarks and abbreviations in the title.

STEP 2: Abstract Authors and Institutions

Your abstract must list at least 1 author in order to be submitted. If an author's name appears on more than one abstract, it must be identical on each abstract.
The submitting author is designated as the presenting author.
You may rearrange the order of the authors; however, the senior author must always be listed last.
The presenter must be an author of the abstract.
You may enter up to 10 authors in the authors list including the Presenter.
The names of authors will be published as listed on the submission form.
Please make sure you have entered the full list of authors and that the information given for each author is correct.
The authors' order and details (names, cities, country) will be published as entered by the submitter.
All correspondence will be sent only to the submitting author.
The submitter certifies that he/she has permission from all persons entered as co-authors in this abstract and that they are aware that their names will appear in all publications.

Conference Centre
Pestana Palace Lisboa

The submitter signs and accepts responsibility for the present rules for submission and presentation on behalf of all co-authors.

STEP 3: Abstract Content

All abstracts must be submitted (and will be presented) in English using British English spelling with accurate grammar and spelling suitable for publication. Abstracts must contain original material neither published nor presented elsewhere prior to the Lisbon Stroke Summit 2027 (in print or electronically).

Abstracts may have the following identifiable sections, but they are not mandatory:

- Background
- Objectives
- Methods/Clinical case
- Results Conclusion(s)

The maximum abstract size is 25 lines (1 800 characters). The character limit does not include the title and the authors. Only the abstract text, table and spaces are taken into account. Do not begin sentences with numerals.

Abbreviations may be used after they are spelled out or defined. Is strictly prohibited the use of commercial drug names, brands and registered trademarks as well as company names, web sites and email addresses. Use generic names for all therapeutic agents.

Abstract Result

Abstract grading is blinded for review by 2 to 6 members of the Scientific Committee.
Abstracts are selected on the basis of scientific merit. Each member of Scientific Committee is selected to review abstracts that best fits their expertise.
Abstracts submitted for consideration must be an original idea, concept, or an improvement or revision of a previous idea. Submissions are peer-reviewed for scientific content, logical presentation, and current interest of the topic to the scientific community.
The final selection will be made by the Lisbon Stroke Summit Scientific Committee in March 2027 and all abstract submitters will be notified by e-mail about the outcome (accepted or not accepted) of the review and selection process.

stroke summit

April 23rd - 24th 2027
Conference Centre
Pestana Palace Lisboa

Guidelines for presentations will be provided to authors of accepted abstracts.

Five cases will be chosen by the Scientific Committee to be a part of the "Elementary, my dear Watson" - Top 5 poster session to be held on April 5th.

The authors of the best posters will be invited to pick up the microphone and present their work in person during a dedicated session with the public and a multidisciplinary jury of internists, neurologists and interventionalists.

General Advice– Tips

1. Keep language correct, simple and clear
2. Avoid references cited in the abstract
3. Stay away from complex graphics. Simple line or bar graphs work best. Make sure the font is adequate on each axis to be seen (insert the graphic as a Jpeg or PDF attachment and mention it in the abstract - ex.: Graphic1)
4. Ensure you follow all the practical guidance on the full call for abstracts
5. Submit before the deadline, do not leave abstract writing until the 11th hour - this increases stress and leads to errors.

You can change/correct your abstract until the deadline submission. Log in to your account and access “my submissions”.
