

Important Information for our Visitors

1. On site **smoking is strictly forbidden**, i.e. smoking is not possible during the visit including company tours.
2. Visitors **must be accompanied** by visitor guides or Alcon colleagues at **all times**.
3. **Photographing** is allowed in front of the entrance only. Inside of the building it is **not allowed** at all.

Instructions for the Eurologistics and production tour

1. Due to safety reasons flip-flops and high heels are not allowed.
2. Please stay with your group at all times: Do not touch running equipment or release switches and buttons.
3. It is strictly forbidden to take semi-finished or finished products (contact lenses, blister packages, folded boxes etc.) from the production or logistic department.

Additional Instructions for the production tour

Contact lenses are medical products. Therefore special hygiene requirements must be followed during production.

- 1 Before entering the production you will go through a clean room sluice. Here you will receive all required protective clothing (**gloves, gowns, shoe covers, head and beard nets**). Due to effective hygiene regulations it is not allowed to enter the production area with uncovered feet or legs. Please choose the appropriate clothing and wear **long trousers or tights with skirts**.
3. Further, it is necessary to wash and disinfect your hands thoroughly in the clean room sluice.
5. Bags, backpacks, clothing, cameras, **walking frames, wheel chairs**, food and beverages are not allowed in the production area. All belongings can be locked in our meeting rooms.
6. Mobile phones, jewelry (rings, earrings, watches etc.) **piercings** and sunglasses are not allowed in the production area. Visible jewelry which cannot be taken off must be covered by band aids or gloves.
7. Our special request: Preferably wear **discreet make-up** in the production area.
8. Unfortunately, we cannot provide access to our production to visitors with **infections**, contagious / bacterial diseases or open injuries on uncovered parts of the body.

It will be our pleasure to welcome you at our production site. We kindly ask for your understanding that we have to ensure the compliance with our hygiene rules.
